1. When I touch your curves
it 's more exciting than a kiss
when I feel your motion
I get so aroused

This is a love song
I wrote it just for you
To be the only one
who 's driving you

Refrain:

I drive, drive, drive
I 'm surf'in in my
Döschewo
and I drive, drive, drive
I 'm sitting in my 2CV

2. When I see these sportly little jobs
Speedin ' up and rushing like mad
however cool they 're gonna be
for me you are the hottest one

This is a symphony
performed just for you
we 're ready to get in
and drive away

World-Meeting-News 2

Today big opening!

Our neighbours the knights

If you take half a 2CV
you end up having a
horse, even though, if
you count the number
of seats you need 4
horses to replace a
2CV, unless you have a
really long horse.

After this bad introduc-
tion we would like to
talk about the knight
games in Burg Som-
meregg that will be

opened by a 2CV. In
exchange our event is
opened by knights,
minnesinger and blast
of trumpets. If you
happen to get stuck in
between ancient
dancers, sung at by
old folks, don't worry,
they are part of our
neighbourhood. The
castle is just a couple
of minutes away and

the governor of the
castle is a freeman of
the meeting, which
proves the sympathy.
As a result every par-
ticipant will find a
ticket for a reduced
entry fee for the castle,
if visiting the specta-
cles on WE or TH at 4:30
PM or FR, SA, SU at 7:30
PM. Besides the knights
you will also be
charmed by magi-
cians, fortune tellers,
ancient tradesmen, a
how to flirt lecture for
mediaeval folks and
the kitchen of the
castle. By the way
there is also beer
brewed like at the
time.

directions: on foot
around 15 min from the
upper quiet zone
'Italy' through the
woods, Kötzingen and
Unterhaus

It's time to start

The last hours (or days)
were to warm up. From
now on the meeting
officially started. That
nobody will miss that
moment there is a big
opening at the main
entry fee for the castle,
place with knights,
horns and minnesang
which seemed to be
the forerunners for the
camp fire guitarists of
nowerday's 2CV
meetings. Naturally
also the mayor of
Seeboden and our
president, who were
both helping us a lot,
will hold a speech. If
you don't want to miss
out on that event,
please come to the
main area at 1 PM.

We proudly present:

Our anti traffic jam team

The "Xi-Berger"-team under the direction of Erich Manser tries to make the arrival for all 2CV drivers in Seeboden as traffic jamless and stressfree as possible. Karin, Manuela, Isabella, Schweizer-Erich, Hägar, Thomas, Düsi and Klasi are a well known team. Their meetings in Vorarlberg is an absolute must for everybody.

2CV - art

I'm sure you have seen some work of Margot, Anna and Jasmin, our artist from Vienna and Styria. This artist team and some other crew-

members painted these odd pieces, our crew member cars. Absolutely rare, from the 3 millennium; a special proof of 2CV history.

Thank you so much!

More than 290 volunteers members have been working for many days and nights to make this meeting possible. But today we do not address our thanks to them. Today we want to take our hat off especially for the people who are not mentioned at all. The

families and partners. If they wouldn't be there with their almost endless tolerance and the maintainance of the family-internal infrastructure it would have been possible to work here and make our contribute for this meeting. Thank you so much!

Early breakfast

Who loves to get up early (or going to bed late at night), doesn't have to do this hungry. The sportsmen of SV Seeboden get up early and start their breakfast preparation at 6:00 a.m. During the day they serve you Carinthian specialities:

Kaerntnerndeln, Kaiserschmarrn, pea soup, Brettljause, as drinks they serve must (with a little alcohol) and Suessmost (fruity, without alcohol).

About the exhibition in our museum tent

Naturally cars also drive with one engine and vertical roads are rare at all. Anyway Peter Wibmer is fascinated by the technique of the cars with two engines and all-wheel - drive: They climb good, give pleasure by technical refinement and whoever is asking for a trunk is somehow pedantic.

Peter is driving a 2CV Sahara, knows another 85 Sahara (and their owner), and he also knows from a dark number of more than 40 more or less existing cars.

Two of the best Saharas are right now in the museum tent just beside the festival tent, flanked from an edited version of our 30 year club history (stickers, T-shirts, cups). Even a replicated Sahara (2 x 36 PSI), a wonderful 58 2CV (exposed lying springs you can look at without making a belly flop) and a 2CV which was found in barn, in the honest condition 5 (but with a chicken, a marten and a lot of rust). Real sportsmen will also love the twin-engine foreign brand production.

But bikes too

Our Rent - A - Bike shop, beside the information tent, from the tourism office Seeboden has just opened. Bicycles can be rent there for shopping rides without folding the 2CV's bed. Right now there are 15 bicycles on the area but if we need them

we can have up to 40 bikes. Citybikes and Mountainbikes, for men and women and even for children. Bicycles can be borrowed between 8:00 and 18:00 but whoever wants to start his biketrip early can talk to the staff. The price: 8 Cit for half a day, 12 Cit for a whole day, 50 Cit for the entire 5 days.

Restaurant Ginner

Probably more people have been in Ginner's clover field for making a U - turn than sitting in the restaurant of Ginner. So we recommend to visit this restaurant at:

Seestrasse, in the middle of Seeboden (direction Millstättersee), on foot about 15 minutes. We do not recommend to drive in his clover field!

Raid AUSTRIA

Raid AUSTRIA will make us discover a part of our country. We'll drive along its roller-coaster scenery, we'll hike through gorges or explore caves, we'll visit the world's oldest salt mine, we'll see traditional and historic towns as well as imposing castle ruins, we'll make boat tours on Austria's lakes and reservoirs, and we'll taste our way through Austria from breweries to wine cellars.

We'll spend the nights mainly at romantic Austrian meeting grounds where we'll often gather around a camp fire. You may drive individually or by small groups. No vignette required.
