The Citron-man

Sweating till bitter end, but now he is laughing again: Briefei -Alex. 35000 Citron under his wings, he likes to give you your change and even fast, as he is used to from his post office job!

Tuesday night with DJ Mehari

Tuesday night DJ Mehari (Alfons Russ) rocked the house in his Mehari. Beer pour, everybody enjoyed the event. The dance floor was full and some guys even danced on the tables. Whoever failed this event: Don't worry, DJ Mehari will rock the house again Friday night after the song contest with his very special DJ desk.

With the Captive Ballon over all 2CVs

Totally cheap you can join this adventure and admire the wonderful overview of the whole area in a ballon. Saved by a rope you can fly high up into the sky and photograph from the bird's eye view. The physics allows this spectacle only very early and later in the evening when the eat of the sun slacks.

Thursday between 19:30-21:30

Friday between 7:00-9:00 & 19:30-21:30.

Price: grown ups 10 Citron and children 5 Citroen

8:5 for the team – 2CV vs. SV Seeboden

When 2CV drivers kick ass

team - 2CV

SV-Seeboden

The football match was fair, our waves were high and at the break all players were changed against fresh ones. People from from all over the world (from D, I, GR, NL, F, PL, P, SLO) took part at the game. There was only one problem. Our moderator is DJ and teacher in real life and the players are no football players what you could see at their shoes. The only one who had special football shoes were the people of SV Seeboden. Our team had the longer braking distance.

The reaction time got shorter every minute and so it was no problem for the Netherlands goalkeeper. It didn't take long and the 1:4 three goals down was changed into a 5:5 tie. Finally there were penalties and suddenly the team 2CV won 8:5, which caused that all the players got a shower with Almdudler and mineral water. The SV Seeboden was scared to go back home. So they will still do their marvellous cooking for us.

Everything is drinking water

In the last days many people asked where they could buy water-bottles. But all the water on the area is good Carinthian drinking water anyway. In whole Austria tap water is drinking water. So better refill the old plastic bottles to reduce the trash.

Visitor from South Africa

Konrad Hoferichter is one of our guests with the longest journey to come here. In South Africa there are about 120 2CV's which were imported between 1954-58. All the other 2CV's, the newer ones where imported by the owners themselves.

Konrad is the proud owner of three 2CV's, also a very rare Slough 2CV which was produced in Great Britain with some special features. His first 2CV he bought, when he married because she wanted to have one of these ugly tiny cars. Time passed by and she started to love this car. "In South Africa there is only one meeting every year. Only 25-30 cars take part at this meeting. But meetings are different in Africa. All the cars are well restored", Konrad tells us while showing us his photo album of his own 2CV's. All his spare parts he orders via internet which made things easier. We wish you good luck and hope to see you again at the next meeting.

These are the voyages of Starship Frunobulax

Boldly going were many went before. Captains log: In a very relaxed mood eleven 2CV's drove to Austria, the starship closing the row. Some of them never went to any meeting before and I wonder what the Austrian meeting will give them. A lot of people know that I attend 2CV meetings. A frequently asked question is: What is so great about these meetings? I usually answer that it's interesting to meet so many different people, from all over the world, who just all happen to drive a 2CV. At the moment I give this answer but I know it's not complete.

So how can I explain that you have to have a certain personality if you drive a 2CV? How can you explain that driving a 2CV changes your life, philosophy of life... From the moment I arrived here I kept on meeting people I met at 2CV-meetings all over Europe, people who became friends of mine. What brings us all together is our longing to explore strange new places together, in our 2CVs. And just meet each other and generally have a good time.

Today games for the kids

Today between 10:00 and 13:00 in and round the big tent there are several games: painting, prining, drawing, kneading. Here you can meet new friends and have lots of fun with all the other kids.

Anna (7)
The climbing wall is the best. We have also been to the fortress at the knights. I could even try to play with bow and arrow.

What do the kids say?

Laura (9)
I love everything round here. To poor we have to go back home on Sunday! But there will be more meetings. I'm looking forward to the next meeting!

Basti (5)
I like the climbing wall and the table tennis most. I climbed up to the top at least 10 times to ring the bell.

Viktoria (8)
I like the meeting. I'm glad to be here.

Vegetable Shop and Health Bakery

The major place is one of the best we ever had. Many vendors surrounded the round place in front of the big tent. Another highlight is the beer-bar in the middle of the place. The certain shops sell all kinds of Austrian specialities. You should also take a look at the shop of our club.

If you want to see how bread is made in Austria you should take a look at the shop "Kornbube". You can see how the bread is made starting with the crushing of the wheat. If you see how bread is

made you will appreciate. It's a lot of work but a lot of taste too. But the good stocks are not only focussed on men's liquid meals, but also children and families will find a lot of good food, like milk products of Carinthia or fruits and vegetables of local shops.

The food is wonderful

Competitions

- Table tennis**
- 1) Michael Schüpbach (Ch)
 - 2) Fredrick H. (D)
 - 3) Linda Schmied (D)

Footballmatch: 8:5
2CV team against SV-Seeboden

Opening: „You are the meeting!“

The world meeting flag was present from knights to our president. The minnesinger moderated and the major of Seeboden was wearing the world meeting T-shirt. But nobody noticed that him driving an Audi. For entertainment there was a little fight between some knights. Anyway we showed we can work at least at the contact with the whip (Siggi from Tirol). The opening words were from the major of

Seeboden and Günther our president, who has never missed any world meeting. From the beginning with a couple of hundred cars until this meeting. We hope for a four digit number of cars at this meeting. The succes of this meeting is in your hands. We count on your enthusiasm, your motivation, your talent to bring color in our lives and make them tieless. The meeting is you!

Velo Solex trip

It's true the Velo Solex is no 2CV but it has got the same sympathetic style like the 2CV. That's why you can see a lot of them driving round on the meeting area. To have a little come together Birne organised a meeting on Friday at 13:30 p.m. Meeting point is the entrance.
